Attention: Sadegh Yazdi and Dennis Jacobs,

**Subject: Submittal of the Tulare County Association of Governments (TCAG)
Amendment No. 9 to the 2011 Federal Transportation Improvement Program (FTIP)
that Relies on the Final Conformity Analysis**

Dear Mr. Aljabiry:

Enclosed for your review and approval is TCAG's Amendment No. 9 to the 2011 Federal Transportation Improvement Program (FTIP) Type IV Formal Amendment that relies on previous emissions analysis request. Documentation associated with this amendment is provided as indicated below. In accordance with the FHWA checklist for this type of amendment, an MPO may submit the documentation from the original conformity determination (i.e., the Final Conformity Analysis) with a cover sheet attached that details the changes to the TIP and/or Plan through the submitted Amendment and stating that those changes do not affect the MPOs ability to rely on the previous regional emissions analysis.

Amendment No. 9 to the 2011 FTIP three (3) currently programmed Highway Bridge Program (HBP) project, one (1) State Transportation Improvement Program (STIP) project and deletes two (2) FTA 5307 projects. Amendment No. 9 to the 2011 FTIP contains regionally significant projects that are included in the 2011 RTP, where the design concept and scope and year open to traffic is unchanged. These projects are eligible to rely on a previous emissions analysis (available upon request). These projects and/or project phases are consistent with the 2011 Regional Transportation Plan (RTP), which was adopted by TCAG on July 19, 2011 and federally approved on December 14, 2010. Per consultation with Caltrans, projects included in Attachment 1 will be entered into CTIPs after MPO adoption but prior to Caltrans submittal to FHWA.

- **Conformity Requirements:** Tulare County Association of Governments 2011 FTIP as amended meets the transportation conformity provisions 40 CFR 93.122(g). The conformity determination is based on the Final Conformity Analysis for the 2011 Regional Transportation Plan (RTP), which was adopted by TCAG on July 19, 2010, and federally approved on December 14, 2010. Attachment 2 includes the original conformity analysis.

As indicated above, the projects and/or project phases contained in Amendment No. 9 are consistent with the 2011 Regional Transportation Plan (RTP) and therefore do not affect the ability to rely on the previous regional emissions analysis. In addition, the projects and/or project phases contained in Amendment No. 9 do not interfere with the timely implementation of any approved TCMs.

- Updated Financial Plan: Attachment 3

The Financial Plan from the 2011 FTIP has been updated to include the project list as provided in Attachment 1. Lump sum listing is also provided in Attachment 3.

- Public Involvement: Attachment 4 includes the Public Notice and Adoption Resolution.

The public review and comment period was open for 30 days commencing on Tuesday, April 12, 2011 and ending on Wednesday, May 11, 2011. A public meeting was held on Monday, April 25, 2011, 1:00 P.M. at the Board of Supervisors Conference Rooms A & B, County Civic Center, Administration Building, Visalia, CA 93291, comments were due on Wednesday, May 11, 2011, with no comments received. These documents can be viewed on the TCAG website at <http://www.tularecog.org>.

In conclusion, the 2011 FTIP meets all applicable transportation planning requirements per 23 CFR Part 450, 40 CFR Part 93, and conforms to the applicable SIPs. If you have any questions regarding the 2011 FTIP Amendment No. 9, please contact Eddie Wendt at (559) 624-7265 or ewendt@co.tulare.ca.us.

Sincerely,

Ted Smalley

CONFORMITY ANALYSIS

Section 93.122(g) allows conformity determinations for new TIP/RTPs to satisfy the requirements of Section 93.118 (motor vehicle emissions budgets) or 93.119 (Interim emissions in areas without budgets) without a new regional emissions analysis if the previous emissions analysis applies.

Per the FHWA checklist dated October 28, 2005 summarizing the conformity analysis documentation for Reliance on a Previous Regional Emissions Analysis, an MPO may submit the documentation from the original conformity determination with a cover sheet attached that details the changes to the TIP and/or Plan through the submitted Amendment and stating that those changes do not affect the MPOs ability to rely on the previous regional emissions analysis.

For Tulare County Association of Governments Amendment #9 to the 2011 FTIP, the Project List (Attachment 1) documents the proposed changes to the Tulare County Association of Governments 2011 FTIP. The proposed changes include regionally significant projects that are included in the 2011 RTP, where the design concept and scope and year open to traffic is unchanged. These projects are eligible to rely on a previous emissions analysis.

In addition, the federally approved Tulare County Association of Governments Final Conformity Analysis, which was adopted by TCAG on July 19, 2010, is consistent with the requirements of 93.118 (including that conformity to all currently applicable budgets is demonstrated).

The TCAG Amendment #9 to the 2011 FTIP does not result in any changes to conformity analysis for the San Joaquin Valley and supports timely implementation of all transportation control measures set forth in the Final Conformity Analysis (2011 CA) document. Specifically, there have been no revisions to the following items:

1. Federal and state conformity requirements (2011 CA p.4);
2. Air quality designations applicable to the San Joaquin Valley (2011 CA p.7);
3. Conformity test requirements and analysis year (2011 CA p.8);
4. Latest planning assumptions (2011 CA p.15);
5. Socioeconomic data 2011 CA (p.17);
6. Transportation modeling (2011 CA p.19);
7. Traffic estimates (2011 CA p.25);
8. Vehicle registration data (2011 CA p.25);
9. State Implementation Plan measures (2011 CA p.26);
10. Air quality modeling (2011 CA p.28);
11. Transportation control measures (2011 CA p.33).

Finally, all items on the FHWA checklist are documented in the federally approved Final Conformity Analysis documentation.

CAUTION -- This is NOT the FTIP/FSTIP. See the appropriate FTIP/FSTIP for current funding commitments. This listing provides the HBP lump sum amounts that should be programmed in the FTIP.

3/28/2011, 10:15 AM

- Notes:
- 1) This report summarizes how much HBP funds should be programmed as lump sum for the MPO.
 - 2) Programmed funds are based on rough estimates provided by local agencies. Guaranteed funding levels are determined at time of authorization for given phase of work.
 - 3) Prop 1B bond funds for the Local Seismic Safety Retrofit Program (LSSRP) used for matching federal funds are also managed by Caltrans.
 - 4) Financial constraint of LOCAL matching funds (including regional STIP funds) and LOCAL Advance Construction (AC) is the responsibility of the MPOs and their local agencies.
 - 5) Corrections to this report should be addressed to the District Local Assistance Engineer who will forward info to the HBRR Program Coordinator.

- Notes:
- 1) This is the FTIP lump sum “backup” list for HBP funded projects. Please see the Local Assistance web site for the most current listings.
 - 2) The purpose of this list is to show which projects being advanced by local agencies have met the eligibility requirements of the federal Highway Bridge Program and have been prioritized for funding by the Department in cooperation with local agencies for funding.
 - 3) Guaranteed funding levels are determined at time of federal authorization and obligation for given phase of work. For details see Chapter 3 of the Local Assistance Procedures Manual.
 - 4) For FTIP/FSTIP purposes, Federal Highway Bridge Program (HBP) funding constraint is managed by Caltrans.
 - 5) Prop 1B bond funds for the Local Seismic Safety Retrofit Program (LSSRP) used for matching federal funds are also managed by Caltrans.
 - 6) Financial constraint of LOCAL matching funds (including regional STIP funds) and LOCAL Advance Construction (AC) is the responsibility of the MPOs and their local agencies.
 - 7) Some projects show that they are programmed using State STP funds. These funds are HBP funds transferred to the STP for bridge work that is not ordinarily eligible for HBP funds. See the HB Program Guidelines for details. Do not confuse these STP funds with Regional STP funds.

- Notes:
- 1) The purpose of this list is to show which projects being advanced by local agencies have met the eligibility requirements of the federal Highway Bridge Program and have been prioritized for funding by the Department in cooperation with local agencies for funding.
 - 2) Guaranteed funding levels are determined at time of federal authorization and obligation for given phase of work. For details see Chapter 3 of the Local Assistance Procedures Manual.
 - 3) For FTIP/FSTIP purposes, Federal Highway Bridge Program (HBP) funding constraint is managed by Caltrans.
 - 4) Prop 1B bond funds (Local Seismic Safety Retrofit Program (LSSRP)) used for matching federal funds are also managed by Caltrans.
 - 5) Financial constraint of LOCAL matching funds (including regional STIP funds) and LOCAL Advance Construction (AC) is the responsibility of the MPOs and their local agencies.
 - 6) Some projects show that they are programmed using State STP funds. These funds are HBP funds transferred to the STP for bridge work that is not ordinarily eligible for HBP funds. See the HB Program Guidelines for details. Do not confuse these STP funds with Regional STP funds.
 - 7) Corrections to this report should be addressed to the District Local Assistance Engineer who will forward info to the HBRR Program Coordinator.
