RE: Availability of Draft Amendment No. 9 to the 2015 FTIP for Interagency Consultation and Public Review

The Tulare County Association of Governments (TCAG) is proposing a formal amendment (Type 3) to its federally approved 2015 Federal Transportation Improvement Program (FTIP). The 2015 FTIP is the programming document that identifies four years (Federal Fiscal Years 2014/15, 15/16, 16/17, and 17/18) of federal and other funding sources for projects in Tulare County. Amendment No. 9 consists of the following changes:

CTIPS ID No. 215-0000-0513 CMAQ: City of Dinuba Signal Synchronization. Changes project description by adding El Monte Way (Avenue 416) to the project scope. No funding changes.

CTIPS ID No. 215-0000-0712 (New Project): Grouped Projects for Purchase of operating equipment for vehicles (Using Toll Credits). Adds a new grouped project list to the 2015 FTIP. Projects are consistent with 40 CFR Part 93.126 Exempt Tables 2 and Table 3 categories - Purchase of operating equipment for vehicles (e.g., radios, fareboxes, lifts, etc.).

CTIPS ID No. 215-0000-0713 (New Project): Grouped Projects for Purchase of office, shop, and operating equipment for existing facilities (Using Toll Credits). Adds a new grouped project list to the 2015 FTIP. Projects are consistent with 40 CFR Part 93.126 Exempt Tables 2 and Table 3 categories - Purchase of office, shop, and operating equipment for existing facilities

Project List

Attachment 1 includes a summary of programming changes that result from Amendment No. 9. These projects and/or project phases are consistent with the 2014 Regional Transportation Plan (RTP), which was adopted by TCAG on June 30, 2014. The attachment also includes the CTIPS project listings for the proposed project changes.
Updated Financial Plan

Attachment 2 consists of the Financial Summary Tables from the 2015 FTIP which have been updated to include the project list as provided in Attachment 1. Attachment 3 consists of the CTIPS MPO Fund Type Report. Attachment 4 consists of the grouped project listings.

Conformity Requirements

The proposed project changes have been determined to be exempt from the requirement that a conformity determination and/or regional emissions analysis be performed per 40 CFR 93.126, 93.127, or 93.128. Because the projects are exempt, no further conformity determination is required. In addition, the projects and/or project phases contained in Amendment No. 9 do not interfere with the timely implementation of any approved Transportation Control Measures (TCMs).

As per TCAG’s adopted 2009 Public Participation Plan Amendment No. 1, the public review and comment period is open for 14 days commencing on Thursday, June 11, 2015 to Thursday, June 25, 2015. Amendment No. 9 to the 2015 FTIP is posted on the TCAG website for public review at www.tularecog.org. All comments are due to TCAG by Thursday, June 25, 2015.

In conclusion, the 2015 FTIP meets all applicable transportation planning requirements per 23 CFR Part 450, 40 CFR Part 93, and conforms to the applicable SIPs, and does not interfere with the timely implementation of approved TCMs. If you have any questions regarding this amendment or wish to submit comments please contact Gabriel Gutierrez at (559) 623-0465 or ggutierrez@tularecog.org.
